

66CM BATTERY TRACTION AUTO SCRUBBER

190419 60 Litre Solution Tank

TECHNICAL DATA

WORKING
WIDTH:
660mm

SOLUTION
TANK:
60L/60L

COVERAGE
PERFORMANCE:
2640m²/h

POWER
SOURCE:
Battery 24v

WEIGHT:
240kg

DIMENSIONS:
1375(l) x 680(w)
x 1100(h)

GRADIENT:
N/A

DECIBELS:
61

- Residue-free cleanliness is ensured even for rough or heavily soiled floors, thanks to an adjustable brush pressure of up to 60 kg.
- Excellent suction performance with minimal noise: the suction motor has noise emissions of just 61 dB (A); the optional silent version of just 58 dB (A). Extremely adaptable: the adaptive brush system sits flat on the floor also on uneven surfaces – and cleans every little centimeter with full brush pressure.
- Especially designed for varying needs, this scrubber dryer with traction motor masters every situation and guarantees thoroughly cleaned surfaces of medium and large sizes.
- Compact design; with a length of 138 cm, it fits into all standard lifts. Fast, easy and hygienic changing of brushes and pad holders: the brushes and pad holders do not only spin-off with the press of a button, they also spin-on automatically.
- Service-friendly: the recovery tank tilts to the side for easy access to batteries and components. Fresh water can be filled up in an instant – via the integrated, industry-standard system connector or via the large filling opening.

ACCESSORIES / PARTS

CODE	ACCESSORY / PART
202318	Gel Battery 6V 180AH
203007	Scrub Brush - Standard
203008	Scrub Brush - Soft
203009	Scrub Brush Sica 120 Extra Abrasive
203006	Pad Holder
201683	Set Squeegee Blades
202758	Set Squeegee Blades Oil Resistant
202991	Suction Prefilter
